## **Gemini Starter**

The starter from a TE Gemini can be purchased on ebay or from a wrecker. It fits the Magnette bellhousing with minor modification and allows you to keep your original starter in good shape. Make up a medium weight jumper wire as shown and connect your existing main starter cable to the terminal shown by the pen.

If you have a 5 speed conversion or your Magnette has a 10mm backing plate it may go straight in. It will also fit straight into an MGA or MGB bellhousing. However with a standard 4 speed Magnette gearbox it will be necessary to grind away part of the hood on the rear of the starter motor as shown in the following picture. Use a 36 grit cutting disc and proceed gradually by trial and error. It will be necessary to remove about 8-9mm from the base of the hood (parallel to the bolt holes) and to slightly round the taper toward the bearing. Compare the original and the modified starter shown in the following pictures. Proceed slowly with repeated fit and test to minimise removal of material.

## **Presidents Report**

Here we are in the second month of the year already. Social events are up and going as is the club competition.

The weekend of the 13<sup>th</sup> and 14<sup>th</sup> of this month will be busy for a handful of members as they are running the MX 5 Car Club of Victoria/Tasmania National Meeting events at Symmons Plain's and Baskerville.

Our club has a strong and proud history of being asked to "run" these types of events for other clubs, as usually that they do not have the CAMS accredited personnel to run the events themselves. The club makes a donation to the MG Car Club which goes into help the club financially, which help, for example contribute to keeping membership fees as low as possible.

The main months for the clubs income are October, November and December when membership renewals come in. The majority of your membership fee goes into the production and posting of the MG Monthly Motoring News. As with everything there are price increases etc to contend with, however the club remains in a strong financial position and the fees are reviewed every year to determine if any increase in annual dues is required to keep the budget in balance. Fortunately this has not been necessary for some years.

Over the years the pendulum has swung from a club that had a very strong competition orientated membership to now, a more social orientated club, however as a club we must provide events which cater for our all members.

Competition wise, the Race Committee (consists of three members, Hobart based) of the club conducts three (3) of the six (6) rounds of Open Race Meetings – Tasmanian Super Series - at Symmons Plains. In 2015 two of our three rounds included National events, HQ Holden and Formula Vee's which were three day meetings. Thankfully we have been able to conduct all events at a small profit. Over the past years these funds have paid for the original share in Motorsports Tasmania \$5,000, paid for half of the construction of the MG shed at Baskerville \$6,000, supplied the Years of Membership badges, the purchasing and engraving of the wooden trophy blocks, plates and engraving of all the annual trophies.

Sub-Centres are able to request an annual grant from the State Committee. In 2015 sub-centres received grants of \$300.

When asked if you can help at any event, please consider it as in the long run members are the ones who benefit and it lightens the load of conducting events.

Enjoy your MGing  
Zube  
(Bronwyn Zuber)

## **Ed Says**

2016 Has got off to a good MG start, despite the fires and rain, club events have gone ahead and participants have enjoyed the variety of involvement that the club has to offer.

If Motorkhana is your thing we have had the 2 extremes, Maxies was as dry as and dusty from the very first car, as one of the timers we had to wait until the dust cleared to see if any flags had been hit, and at times had to make educated guesses (hard for someone like me I know!!) on where the cars were positioned to determine if they had done the test correctly.

In absolute contrast the motorkhana at Bothwell was run in wet conditions with risk of turning it into a mud run.

Being able to get the cars out and go for a drive is always enjoyable, we had the rare occurrence recently where all cars on the run were actually MG's, no moderns and no ring ins. We have been close many times, but I think this was a first, for Sue-Anne and I anyway.

And while on attending events, I am sure many of you take photo's either on phone or camera, please send them on for inclusion in the magazine. Events are reported in the sub-centre reports and it would be nice to be able to attach appropriate photo's.

And don't forget to tell me who is in them, because believe it or not, I don't actually know everyone in the club.

We have started plans for this year's Mid-Winter Getaway, while plans are still quite fluid at the moment trying to get the right mixture of location, accommodation and activities is proving to be a challenge. It will be happening, so mark it on your calendar Friday July 7 – Sunday July 10. It does appear at this stage that we will be in shared accommodation, so buddy up now and let me know, or if there is someone you prefer not to be co-sharing then let me know and I will accommodate.

So enjoy this magnificent weather, remember the sunscreen and get out there and enjoy your car, and the wine, and the company, and Tassie in general. What the hell just out there and have a ball.

Ed.

**PAST EVENTS**

**10<sup>th</sup> January** – Run to Snug Tavern.

A nice 18degree morning was welcoming, slightly cloudy but clearing. Bruce Hills turned up in a bright Fijian shirt, very nice for the occasion. By the time we left the Civic Club at 10.30am hardly a cloud in the sky. All sorts of cars had their hoods down. We headed on the Huon highway through Fern Tree, Neika and on to Longley. A nice breeze accompanied us on our way via Sandfly to The Brookfield Café at Margate where we partook of coffee. 7 members sat outside under the big umbrella enjoying the compulsory chat. From there we proceeded on a short run to the Snug Tavern for lunch. The meal was excellent, compliments to the chef. I had the seafood chowder with whole pieces of scallops (a whole meal in a serve). Lunch was finished around 2 pm. A nice ending for the very first run of the year. Everybody went away happy. Club Meeting Details		Last Wednesday night of the Month: 7.30 pm for meeting. VCCA Rooms, 67 Lawrence Vale Rd, Launceston	
Postal Address		P.O Box 682, Launceston, Tas 7250	

Our social activities are alive and well and the sub-centre has a busy events programme already in place up to the end of March.

Since our last meeting in November 2015 we have had the following events:

Old Fogies Morning Tea

Annual Concourse weekend

Shannon's Classic Car and Charity Run to Campbell Town

Mid-week Run

CHRISTMAS IN THE PARK Christmas luncheon

Sat Morning Run

Maxi's Motorkhana at Clifton Park Winkleigh

Mid-Week Run

Wes's run to Deloraine and all points around the Deloraine (however due to bushfires in that area it was changed at the last minute to a run to the east coast refer report from Wes in this magazine).

## **MG Car Club of Tasmania – MG Monthly Motoring News, February 2016**

Full points to Wes Saunders on having the initiative to realise that a group of sports car enthusiasts running around will most likely impede the emergency services operating in that area and took appropriate action to change the run.

So check out the coming events calendar and join in and enjoy the social activities as we have a variety of events for the next two months with short drive events, long all day events, morning teas and evening dinners so there should be something to cater for everyone so come along and enjoy the company of other members of the club.

We have a fund raiser for the Northern Sub Centre doing the catering for the MX5 Speed event on Feb 13<sup>th</sup>. We are volunteering to do the catering for the MG Race Committee which will allow us to raise funds to cover the cost of running our Sub Centre.

These costs are usually covered by the Sub Centre running raffles and the annual grant from the State Committee so by bringing in catering income we can take the fund raising burden from Sub Centre members.

### **Coming events:**

**Sat Feb 13<sup>th</sup>** MX5 national event Symmons Plains volunteers required to run. (MG Car Club are running the event on MX5 behalf and we charge them so it's a fund raiser for us) Be at Symmons Plains by 9.00am if you are assisting on the day

Club Meeting Details		Second Thursday night of the Month: 6.00 pm for meal and social evening. Bridge Hotel, Forth	

January has proved to be another hectic month for our club, our thirsty Thursday social evening at the Forth Hotel continues to be well patronised.

We welcome back Margaret and Greg who have just returned to Tassie after many months touring the Mainland.

Maxie's Motorkhana has been run and won once again. This year being the 1<sup>st</sup> time in many years I have not attended this event. From all reports another fantastic day was had by all, thanks to Winsome and Max for their hospitality.

The Sunday 24<sup>th</sup> run to Deloraine with the Northern Sub-centre was changed to the East Coast due to the threats of fires and the smoke haze. Those from the NW that were down to attend decided that a quiet drive through some back roads to the Leven Valley Winery, for a few drinks, nibbles and good company was more their style.

Preparations are well under way for the many members who will be attending the National meeting in Perth at Easter time. Just a few last minute details left to attend to, before the long haul across the Nullarbor.

The annual Devonport Car Show, run by the Rotary Club of Devonport North will be held on Saturday the 20<sup>th</sup> of March. This is the premier motor show in Tasmania. The theme this year is Italian Motor vehicles. Please register on-line and contact me if you are attending so I can organise to have all MG's displayed together.

I and many NW members had the privilege of attending the surprise 70<sup>th</sup> Birthday Bash for member Terry (Collingwood) Jeffrey on Saturday the 23<sup>rd</sup>. Colleen had a mammoth task of organising over 100 people to attend and keep Terry in the dark. Terry, who prides himself on having a finger on the pulse, knew absolutely nothing of the surprise which was evident by the look on his face when he was confronted by the many party guests.

The look on his face was also priceless when later in the evening he found out he was picking up the bar tab.

**Wednesday, Feb 17th;** Meet with NSC for meal at the Evandale Hotel, leaving Wattle Hill information bay at 5:30 pm. Contact Andrew Midgley 0458 949 881

**Sunday Feb 21<sup>st</sup> :** An early morning run will start from the Carline Mufflers car park at 8:30. We will take in a leisurely drive before a morning tea break. During the stop there will be an open discussion about the "spare parts" to be carried ( shared ) by those who are attending the Nat Meet. All enquiries and RSVP's to Greg and Margaret.

Roy Stuart

## ***NON-DESTRUCTIVE TESTING SERVICES***

**Mechanical, Structural, Automotive crack testing & condition assessment of all ferrous and non-ferrous materials**

Mechanical components are subjected to stresses in service from dynamic and static loading, temperature changes and corrosion resulting in cracking which can remain undetected visually until there is a catastrophic failure. This can be accelerated by exceeding design loads, inadequate maintenance or remaining in service in excess of the lifespan intended by their designers.

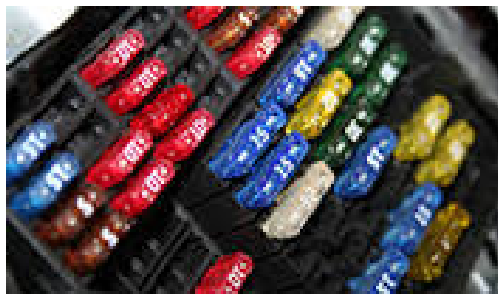

The correct NDT method applied according to strict guidelines by a trained and certified technician can detect cracking in metallic structures, welds, castings and forgings before they are large enough for the part to fail in service.

For advice and applications talk to **Chris Blake** to discuss your requirements large and small, I have tested everything from wheel studs to Hydro turbines. Full reporting provided to Australian Standards, I am certified to AS3998/ISO9712 with the Australian Institute of Non-Destructive Testing (CB# 4679) and carry full public liability insurances.

## What the officials mean:

**GREEN**

The course is clear

**YELLOW**

Do not overtake there is a hazard beside the circuit.

**DOUBLE YELLOW**

Do not overtake. Be prepared to change direction.

**BLUE**

A faster vehicle is catching you. Give way.

**YELLOW ORANGE STRIPES**

Liquid on circuit. Deterioration of adhesion.

**WHITE**

You are about to catch a much slower vehicle.

**BLACK**

You have breached the rules. Pull into the pits.

**BLACK ORANGE RONDEL**

Warning. Your car has an apparent mechanical failure

**RED**

Race stopped.

**CHECKER** End of race.

## What the driver thinks:

The course is clear. Start racing (unless you have already)

Someone else has screwed up for a change Possible primo over-taking opportunity

(Full course) Slam on your brakes. Immediately without checking your mirrors. Whoever's behind you will think twice about ever passing you again!

There's somebody right behind you trying to get past. Turn your mirrors down & block like hell.

Check your oil pressure guage. You may not have any.

Slow moving or emergency vehicle ahead. Proceed at full speed & see how close you can come without hitting it.

Either the fellow just ahead or you or the one behind has done something bad. Also known as the "Who Me ??? flag

(meatball) Something has fallen off your car. Slow down & look for it.

The guy you hit has spun & caught fire & is blocking the track, so the race has to be stopped.

Time to start thinking up excuses

## **The Funny Bone**

A 5th grade English teacher asked her class to write an essay on what they'd do if they had a million dollars. Alec handed in a blank sheet of paper.

"Alec!" yelled the teacher, "you've done nothing. Why?"

"Because if I had a million dollars, that's exactly what I would do!"

Luke comes home from his first day of school, and his mother asks,

"What did you learn today?"

"Not enough," Luke replies. "They said I have to go back tomorrow."

Teacher: Donald, what is the chemical formula for water?

Donald: H-I-J-K-L-M-N-O.

Teacher: What are you talking about?

Donald: Yesterday you said it was H to O.

Johnny: Teacher, would you punish me for something I didn't do?

Teacher: Of course not.

Johnny: Good, because I didn't do my homework.

Mom: What did you do at school today?

Mark: We did a guessing game.

Mom: But I thought you were having a maths exam.

Mark: That's right!

Teacher: Maria please point to America on the map.

Maria: This is it.

Teacher: Well done. Now class, who found America?

Class: Maria did.

Teacher: "Now class, whatever I ask, I want you to all answer at once. How much is six plus four?"

Class: "At once!"

Teacher: Ramu, how do you spell "crocodile"?

Ramu: "K-R-O-K-O-D-A-I-L"

Teacher: No, that's wrong

Ramu: Maybe it's wrong, but you ask me how I spell it!

Teacher: "Ramu, you talk a lot !"

Ramu: "It's a family tradition".

Teacher: "What do you mean?"

Ramu: "Sir, my grandpa was a street hawker, my father is a teacher".

Teacher: "What about your mother?"

Ramu: "She's a woman".

## SQUARE RIGGER NOTES

### All Pre War, T and Y Type MG's.

Following from last month some of the detailed technical aspects on display at the 2015 Pre-War MG National Rally at Bathurst. The finely detailed and purposeful blower fitted to the recently restored Q Type, note the oil reservoir and factory technique to eliminate delivery blow-outs! The M Type trailered from Melbourne is a demonstration of restoration craftsmanship.

And below the cockpit of a J2 with instrumentation to keep the occupants entertained and the business end of one of the Hornets showing the strong MG relationship with the Wolseley variant incorporating greater electrical reliability by virtue of generator mounting.

The Square Rigger program for 2016 is set out here, mark your diaries, prepare those many fine cars and join in for great journeys.

20 <sup>th</sup> March	Southern area run.
10 <sup>th</sup> April	Northern area run
15 <sup>th</sup> May	Ross day out with PVCC (TBC)
2 <sup>nd</sup> October	Baskerville Historics Southern run
23 <sup>rd</sup> October	Northern area run
