Cover Story

Greetings,

There were a few tops off as we drove up past the Brewery, and then down the windy roads of Ridgeway and the Waterworks before being seen in Sandy Bay, then over the Tasman Bridge to the Risdon Brook Hotel. Everyone turned left into the hotel rather than to the right into the long term accommodation. Was it the mild weather, the return from travels of some of the regulars or the cheap lunch that attracted 53 persons and 33 cars? An excellent turnout, and a very good quality two course lunch was enjoyed by all. Thanks to David Bantoft for the pics

Club Captains Report

June was a quiet month for competition. Everyone must have been at home in front of the fire.

Sunday July 2nd was a crisp and cool day. The club ran round 5 of the Tasmanian Motorkhana cup.

The day was made more significant by the presence of some Victorian MG Club member, Ric Collett & Marg Anderson, who brought their electronic timing gear with them. The 1st 2 tests were recorded on Ric's homemade (it doesn't look it) gear with the remaining 3 tests being recorded on an off the shelf wireless unit from the U.S. The homemade version had the added bonus of an inbuilt printer which virtually makes it bombproof. Both systems are very easy to use and we look forward to seeing them again when we hold the Nat Meet next year. Is this the way of the future?

Some very big thanks from the MGCC Tasmania to Ric on the starters line all day and to Marg who assisted at registration and timing. A bonus was the large display which enable everyone to see the times being posted.

Thanks goes to all the officials and the catering team who put some time in to make this a marvellous event.

Results on the day were very close indeed. 1st place went to Stephen Turner from MSCT driving a small Mitsubishi. 2nd place went to Damien Midgley, MGCCT, in a small Mazda 0.05 secs behind. Nick Yaxley from the CMI in a fiat 127 was a further 0.48 secs behind. Just over 0.5 secs for the placegetters over 5 tests was great competition.

29 competitors performed admirably doing 5 tests one of which included reversing.

Our next event is round 6 of the Tas Motorkhana cup on Sunday August 13. This will be the penultimate round and if the competition is as hot as the last round then we are in for a treat.

Further down the track we have a round of the Super Series at Symmons Plains on Sept 3 and a Test & Tune day at Baskerville on Sept 10. Helpers are always needed at these events so come along and lend a hand.

“till next time

PAST EVENTS:

18th June – Lachlan. 27 people in in 17 cars (13 MGs) enjoyed a nice run to the Derwent Valley. The weather was rather cool at first but became a nice day. Commencing at 10.30 on the dot, we travelled over the Tasman Bridge via the East Derwent Highway to Bridgewater and from there via Boyer to New Norfolk. We stopped for coffee at the patchwork Café in Willow Court where extra staff ensured our coffee was prepared with minimal delay. We then ventured about 7 ks further into Lachlan and the “Lachlan Valley Food and Wine” café/restaurant where we were greeted by Rhonda at around 12.15pm. By the time we had settled in to a wine or two, she had a lamb roast buffet prepared for us.

MG Car Club of Tasmania – MG Monthly Motoring News, July 2017

Quite a nice meal was had in a beautiful setting not far from the start of Jeffrey's Track which has been in the news of late with a proposed upgrade joining the Derwent and Huon Valleys. Judging by the high level of banter from the good company present, a good time was had by all.

23 June – Defibrillator Training Night. The 16 attendees were the beneficiaries of a very informative and very well presented session on life saving techniques provided by training professional Phil Sansom from the Tasmanian Fire Service. The session was far more than just familiarization with our new defibrillator which accompanies us on all our car runs. We were reminded of the need to check for danger, check for breathing check airway and

MG Car Club of Tasmania – MG Monthly Motoring News, July 2017

clear obstructions of the patient. Phil then described the 4 links in the chain for survival: checking for response and calling the ambulance, early intervention with CPR when patient has stopped breathing, early defibrillation to restart the heart and the role of paramedics on arrival of the ambulance and subsequent hospital care. The session was practically oriented with 3 mannequins available for participants to practice on and all the questions posed by those present were well answered. A demonstration defibrillator was used to demonstrate the use of a typical unit and compared with our model. It was also used for the participants to practice with in conjunction with CPR being administered on the mannequins (30 compressions at 120/minute followed by 2 breaths). It was found that, when opened, the defibrillator talks the operator through the process, analyses the condition of the heart of the patient and decides if a 190 joule charge is required. A vote of thanks was given to Phil after which pizzas, pies and cocktails were served.

NON-DESTRUCTIVE TESTING SERVICES

**Mechanical, Structural, Automotive crack testing & condition
assessment of all ferrous and non-ferrous materials**

Mechanical components are subjected to stresses in service from dynamic and static loading, temperature changes and corrosion resulting in cracking which can remain undetected visually until there is a catastrophic failure. This can be accelerated by exceeding design loads, inadequate maintenance or remaining in service in excess of the lifespan intended by their designers.

The correct NDT method applied according to strict guidelines by a trained and certified technician can detect cracking in metallic structures, welds, castings and forgings before they are large enough for the part to fail in service.

For advice and applications talk to **Chris Blake** to discuss your requirements large and small, I have tested everything from wheel studs to Hydro turbines. Full reporting provided to Australian Standards, I am certified to AS3998/ISO9712 with the Australian Institute of Non-Destructive Testing (CB# 4679) and carry full public liability insurances.

A good run and morning tea had by all!

Ian and Anne Saunders are now proud parents of a beautiful red Holden Astra convertible, although they weren't game to go topless.

Regards Frances

Simple Pleasures at Westbury was our destination for our June Friday morning coffee run. 16 members braved the brisk but sunny winter morning and headed out the old Bass Highway via Carrick and Hagley to Westbury. Most had their hoods up but Frank assured us he didn't feel the cold so Jenny and Wes went "topless" on the way home! Once again a good morning of friendship, conversation and m'ging.

Coming Events:

Fri 30th June, Coffee run, 10.30am Car Museum, RSVP Mark Dilger, 0408 271 02
Fri 7th, Sat 8th & Sun 9th July. Waggy's Winter Wonder. This is a weekend event organised by our Southern Sub Centre travelling to Port Arthur's Stewarts Bay Lodge. (Refer to MG Monthly Motoring News for booking details) It is proposed that any northern members interested in attending this weekend event should contact Phil Paine on 0419 261 483 to organise a club run to Hobart on Friday 7th July and join our Southern counterparts on Saturday for a fun weekend. Please make your own accommodation bookings as detailed in the MG Monthly News. Meet at Motor Museum at 11.00am and travel to Perth to meet NWC members.

The Northern Sub Centre has formed a committee to review the long standing moneys in the Northern Sub Centre clubs investment account with a **view** of investing in or using these fund to **benefit** the club.. The committee has proposed the following recommendations for the members to **consider**.

- 1) Construction of garages at Symmons Plains or Baskerville, for rental to club members and competitors on competition days. This would generate an income for the club along with providing a service to club members. Further discussion required to determine which location had the greatest need by club members.
- 2) Provide a Lap Top for use by the Northern secretary this would enable a smooth transition with the change of office bearers with all the templates, history and membership details being retained.
- 3) An amount (to be determined ie. \$200 - \$500) be set aside for a donation to a charity each year.

It was thought that an amount of \$10,000 should be maintained for future use.

We are asking for feed back from all members on these proposed ideas and any suggestions you may have for the use of these funds to benefit the MG car club members.

Club Meeting Details		Second Thursday night of the Month: 6.00 pm for meal and social evening. Bridge Hotel, Forth	

Here are a couple of photos from Sunday 2/7. The two photos of the white car are Cameron Howie (12 years old), this was his third entry in a motorkhana. Cameron beat his Grandpa (Donald) in two of the five tests. The other was the required visit from the police to make sure that our permit was in order and to do the required random breathalyser tests.

Cheers

A fine and certainly chilly morning it was but a dozen members were ready for some MG motoring, they were ;

Tony and Wendy	MGB top down
Wayne Jessup	MGB top down
Mike Gyles	MGBGT
John and Dawn	MGB
Terry and Colleen	TC
Peter and Tina	Compressor
Greg and Margaret	MGB

With Wayne now dressed in warmer clothing we left the Forth Hotel and travelled onto the Kindred road until Geales road; a twisty winding down hill run; from here it was a climb as we were on Gentle Annie ; then Chinamans Hill; through Lower Wilmot and onto Wilmot.

From here it was onto Erriba ; Moina then down to Cethana ; after our climb Out of the valley we passed through Staverton on our way to Lake Barrington and our lunch stop. Within a minute of stopping our fire was burning and the tables placed in the sun; only problem was the fire was on the opposite side to where we were sitting; MG Tony was the man up for the challenge of moving the fire to the opposite side and with some help this task was completed.

With lunch over it was obvious some members were looking forward to the climb out of the lake and up to this point most of the roads travelled were and are used for motorsport , Targa Tasmania or what was once called Rally Tasmania. Our run now had us passing through the Promised Land ; Roland ; West Kentish ; Sheffield ; Railton and onto the Axemans Hall of Fame where the ladies were to enjoy the market while the men went on to view a private vehicle and memorabilia collection.

Regards
Greg

“Minor” moment.

While lying awake in the early hours of the morning recently it suddenly hit our NW Co-ordinator that he hadn't done his article for the magazine , out of bed , on with the dressing gown and into the study he dived to start his notes.

Dawn ; waking later to find John missing went in search of him , finding him tap, tapping away she asked the obvious question;

What are you doing ???

“ It's the notes Dawn ; I'm late with them; then came the reply

“ No John ; the magazine closes next week”

True Story

MG Car Club of Tasmania – MG Monthly Motoring News, July 2017

Coming Events:

Our last run organized by Greg and Margaret Bannon on Sunday 18th June twelve members brave the cold.

Last meeting at the Forth Hotel it was decided with cold winter weather some of our local clubs need a bit of extra support, two venues were selected for a trial run.

The Devonport Golf Club and the Ulverstone RSL some fifteen members showed interest and last Friday of the month selected to be our Dinner Night out.

So a booking has been made for **Friday 28th July 17 for the Devonport Golf Club.**

And a date for your diary for the **Ulverstone RSL will be 25th August 17.**

Northern Sub Centre have organized a Christmas in July at the Mole Creek Hotel and we have been invited to joined them for Lunch on Sunday 16th July a two course traditional(Turkey etc.) meal and choice of deserts, cost \$28-00. Meet at Forth Hotel 10:30 am.

Numbers can be passed on from our **next meeting at Forth Hotel on 13th July.**

In July 2016 I released a new web site - MG Buy Swap Sell
(www.mgbuyswapsell.com.au).

MG Buy Swap Sell

One year on, the site is still going strong and I would personally like to thank those members of your Club who have joined and/or use the site regularly.

Without their support the site wouldn't have continued to this day, and here's hoping to another 12 months!

Editors Notes

Be a good thing when the winter months have departed, especially for those with MG's that have the top down, or no top options. As the magazine is for information of past, future and possible events, with a view to keeping members well informed, all relevant and informative articles will be thankfully received (possibly begged for) and placed in their respective columns within the magazine, other less wholesome articles will or may be referred to the committee or discussed with the cat, if appropriate, so please keep the articles coming, as for me and surely others its stimulating to see the membership committed to such varied and enjoyable moments in large numbers.

Thank you to Craig Large for the MG flyer advertisements.

Once again a thank you to Andrew for posting the June magazine, I went to the big island for a short interlude

First aid kits and defibrillators have now been made available to each of the three sub-centres. Would the co-ordinators of each run make sure this equipment is available should it be required during a club run.

SQUARE RIGGER NOTES

All Pre War, T and Y Type MG's.

An interesting display at St Marys Car & Bike Show recently, well patronised by enthusiasts, Historic Racing Car Club members and the public. A well known Magnette wielding MG member stopped to post a letter, yin-yang describes the A Model-Gallardo duality followed by the classic Miniature and a rare Fiat 2000 V6 Spider by Pininfarina.
